Summer Science Institute
For Middle School Students (SSI-M)
at the Timbuktu Academy

“The Science of Creating Educational Value Added”
OVERVIEW

The Summer Science Institute for Middle School Students at the Timbuktu Academy (SSI-M) is a four-week, non-residential program for rising 6th, 7th, and 8th grade students. (Participants must be entering 6th, 7th, or 8th grade in the fall.) The program aims to enhance the middle school learning experience and to increase the pursuit of studies in science, mathematics, and engineering disciplines.

SSI-M is designed to facilitate hands-on, minds-on science and mathematics exploration and the development of cognitive abilities and test-taking skills.

SSI-M participants will have academic instruction in Mathematics, Science, English (Grammar, Vocabulary and Writing); Computer literacy (primarily data analysis and presentation, and use of the Internet as a tool for data-gathering); and cognitive development (reasoning and test-taking skills).

Students will be provided with lunch at Mayberry Dining Hall and afternoon snacks. Some afternoons, participants will take part in recreational activities.

FIELD TRIPS

Through field trips to area scientific and industrial sites, students will gain insight into various scientific and technical careers.
